

EVENT PARKING

FOR USE BY:

DELEGATES - ORGANISERS - SUPPORT STAFF

INSTRUCTIONS:

From the A4037 Tipton Road, turn into Discovery Way – you will see the Travelodge on your right. At the mini roundabout turn left onto Zoological Drive and follow the Event Parking signs towards Dudley Zoo. Before you reach the end of the road please turn right into the designated Event Parking zone (bordered in red on the map).

PLEASE NOTE:

- If you need to make a delivery for an event, please follow the instructions for the [Service Entrance](#).
- This car park has a security officer and you may be asked to move further down the car park before parking.
- If you require disabled parking, please park in one of the disabled spaces and ensure your blue badge is on display.
- A token will be required to leave the car park – this will be provided by your event organiser prior to your departure from the Very Light Rail National Innovation Centre.

The main entrance to the centre is directly opposite the car park entrance. You will need to cross the West Midland Metro extension works to access – please take care when doing so. A disabled access lift is available should you require it.

On arrival please report to the Registration Desk and enjoy your event!
